

Workforce Partnership Strategic Plan Adopted March 2012

Workforce Partnership's mission is to lead a system that produces a high quality workforce in the Kansas City area, creating greater economic opportunity for employers and individuals.

Workforce Partnership envisions a workforce with the agility and resourcefulness to sustain business growth and a high standard of living.

		Right Resources	Right Engagement	Right Evaluation
<i>Labor Market Goal: Job seekers have access to their employment of choice and employers have qualified, skilled, work-ready workers.</i>	An efficient and effective labor market...	<i>has the right job opportunities for job seekers and the right candidates for employers.</i>	<i>maximizes the amount and quality of connections between job seekers and employers.</i>	<i>is continually reviewed and evaluated for opportunities, gaps and mismatches.</i>
<i>Workforce System Goal: Produce meaningful results for employers and job seekers in a coordinated manner.</i>	A coordinated workforce system...	<i>has a sufficient level of financial resources to meet labor market needs.</i>	<i>embraces broad-based community input and innovation.</i>	<i>is focused on providing a high quality of service to all customers and continuously measures service quality.</i>
<i>Board Goal: Improve the board's capacity to lead the workforce development system in the Kansas City Metro Area.</i>	A high capacity board...	<i>Has the correct allocation of board members who are committed to and knowledgeable of the mission of the workforce system.</i>	<i>maintains a high level of board member engagement.</i>	<i>routinely evaluates itself and the workforce system's performance.</i>
