## Machine Operator

**De Soto, Kansas 13426216**

### Responsibilities:

- Operate and monitor aluminum stamping machines and related washing and inspection equipment. As a Machine Operator, you will primarily focus on one piece of equipment but may be assigned to other machines.
- Accurately feed materials and ensure products meet quality standards through visual and measurement checks.
- Respond promptly and safely to machine alarms or faults; perform basic troubleshooting and escalating issues as needed.
- Follow standard operating procedures for machine start-up, operation, and shutdown.
- Maintain clear communication with co-workers, Maintenance, and Quality teams to resolve issues quickly.
- Complete production and quality logs accurately and on time.
- Maintain a clean, organized, and safe work area in line with 5S and Lean practices.
- Demonstrate strong mechanical aptitude, attention to detail, and commitment to quality.
- Meet company standards for performance, behavior, and attendance.
- Assist in training new operators when required.
